

COLLABORATION WITH ENSA, EUROPEAN NETWORK OF SOCIAL AUTHORITIES

ENSA, European Network of Social Authorities works in close collaboration with the ELISAN network, within this framework 5 working groups will be associated with the work of the HOPE project- the Older Adults working group led by the city of Rotterdam, the persons with disabilities working group lead by the Conseil Général du Val de Marne, The Youth and Family working group lead by the Veneto Region and the Minors working group lead by the Flemish Ministry for Youth Welfare Growing Up. Social Inclusion being a transversal issue for all working groups.

ENSEL Network and Well-Being Working Group

The project HOPE (Responding to Heatwaves in the Older People Ecosystem) will put the severe health threats of heatwaves on the agenda of the older adult service and healthcare sectors with an inclusive approach for the whole ecosystem. At the annual General Assembly of the ENSA network on November 15 2022 in Venice, **a new working group for the promotion of well-being and the implementation of Social Emotional Learning in Europe ENSEL has been established.**

Well being of older citizens during heat waves will be on the agenda of the network
